

## Invitation to the Webinar | Exclusive Preview

# Disability Equality in the Media

6 December 2023, 17.00 p.m. – 19.00 p.m. (CET)

Dear colleagues,

As part of the celebration of the International Day of Persons with Disabilities, UNESCO will host the **webinar and exclusive preview "Disability Equality in the Media" from 17.00 p.m. to 19.00 p.m. (CET) on 6 December 2023.**

On this occasion, experts, media professionals, researchers and persons with disabilities will discuss the preliminary findings of the **UNESCO Practical Manual on Disability Equality in the Media**. The webinar will cover how to create fair, balanced, and equitable editorial content and media programming, how to produce accessible media content, and how to promote inclusive media operations and management practices.

During the online event, participants will have the opportunity to watch the preview of the **UNESCO Master Class Video Series**, hosted by Sophie Morgan, journalist and disability rights activist. The webinar will serve as an open platform to collect feedback from all interested stakeholders on the proposed practical recommendations of the manual.

***Let's together remove barriers for audiences with disabilities!***
